

The Struggle Continues! Dismantling Racism in the Valley

(organizing summit)

April 30, 2005,
all day!

Open Square,
Holyoke, MA

In response to the outcry against civil rights abuses and racism, we must:

BUILD a vibrant community of anti-oppression activists
CELEBRATE and honor the struggles of the past
STRATEGIZE about the work we're doing right now
ENVISION a plan of collective action for the future

Because nothing changes if nothing changes,
and change will not continue without
our active involvement.
