

**In 1870, Mothers dedicated a day to peace. Mother's Day sounded a true call for peace and disarmament – a call to action that is still relevant today.**

*Dear Friends,*

***Join us for Spirit in Action's leadership program and spend this Mother's Day the way it was meant to be spent: five days dedicated to peace, community, and re-energizing our work. There has never been a more important time to make every action count.***

*Peace and Power,*

*Linda Stout*
