**Jim Hightower** ~ [www.jimhightower.com](http://www.jimhightower.com) ~ writer, public speaker, national radio commentator - has spent three decades battling the Powers That Be on behalf of the Powers That Ought to Be.

All over America, Hightower has tapped into the thriving activist networks that are our country's grassroots muscle. He believes that the true political spectrum is not right to left but top to bottom. He has become a leading national voice for the 80% of the public who no longer find themselves within shouting distance of the powers at the top.

He publishes *The Hightower Lowdown*, which now has more than 135,000 subscribers and is the fastest growing political publication in America. His latest book is *Swim Against The Current: Even A Dead Fish Can Go With The Flow*. He has written 7 books, including *Thieves in High Places*; *If the Gods Had Meant Us to Vote They Would Have Given Us Candidates*; and *There's Nothing in the Middle of the Road but Yellow Stripes and Dead Armadillos*.

As political columnist Molly Ivins said: If Will Rogers and Mother Jones had a baby, Jim Hightower would be that rambunctious child - mad as hell, with a sense of humor.
