### INTERESTED IN THE LAW?

This eight-week series, taught by members of the University of Colorado Law School faculty, provides interested community members with a better understanding of important legal principles in key areas of the law. Participants will explore a different “hot topic” in the law each week. This unique lifelong learning opportunity is open to all and is a great chance to get a mini taste of what law school is like. There are no required readings, tests, or homework assignments—just a great way to learn about the law in our society.
